Music more to your style — Functions and Features

(LK-270 / 230, WK-500 / 210, CTK-5000 / 4000 / 3000 / 2100, CDP-200R)

• Functions and features depend on the model.

Improved sound quality and keyboard feel

● **AHL* sound source** generates high quality grand piano and other acoustic instrument tones.
* Acoustic & Highly-compressed Large-waveform

● **Piano-style keyboard**

Powerful lesson functions guide you along the way to music proficiency

● **Step Up Lesson** for phrase-by-phrase practice of songs

Example song: Annie Laurie

Phrase A — Phrase-by-phrase lesson — **NEXT** — Phrase B Phrase-by-phrase lesson — **NEXT** — Phrase C Phrase-by-phrase lesson

STEP UP LESSON
LISTEN WATCH REMEMBER NEXT AUTO CHALLENGE
CHORD/TR1 TR2 TR3 TR4 TR5 TR6

AUTO
You can configure the keyboard to advance through the lesson automatically, complete with scoring and review.

Phrase-by-phrase lesson

① **LISTEN** Memorize phrases by listening to the examples as you watch the keyboard keys light.

② **WATCH** Viewing the on-screen guidance and the key lighting, master the phrase by playing it on the keyboard.

③ **REMEMBER** Play the notes from memory.

● **Scoring system** and **Voice Fingering Guide**
● **Recorder** and **metronome** features for lesson support
● **Song Bank** tunes including **Exercise phrases**

Entertainment features!

● **Sampling function**

Sampling with a Microphone / **Sampling with a Portable Audio Player**

Hi!

Playing Sampled Sounds

Play sampled sounds on the keyboard!

Use a sampled sound as a rhythm pattern drum sound!

● **Voice Pad*** * LK-230, WK-210, CTK-2100

Sampling sound input
● Microphone jack and Audio In jack: LK-270, WK-500 / 210, CDP-200R
● Audio In jack: CTK-5000 / 4000 / 3000 / 2100
● Microphone jack: LK-230

● **Audio In jack** ● **Music Challenge**

Play music from around the world

● **A wide selection of musical instrument tones** support play of songs from various genres.
● **Rhythms and Auto Accompaniments for Latin music and other styles from around the world**
● **Pitch bend wheel:** WK-500, CTK-5000 / 3000, CDP-200R
● **Scale function** lets you easily change the keyboard scale (temperament) and play oriental, old classical, and other types of music.
 • **Scale Editor** (Preset Scale and Scale Memory): WK-500, CTK-5000, CDP-200R
 • **Preset Scale:** LK-270, WK-210, CTK-4000
● **Music Preset** for quick and simple setups for specific songs: LK-270, WK-500 / 210, CTK-5000 / 4000, CDP-200R
● **USB port** for easy connection to a computer
• Supported operating systems: Windows® XP Home Edition (SP2 or later), Windows® XP Professional (SP2 or later, 32-bit), Windows Vista® (32-bit), Mac OS® X (10.3.9, 10.4.11 or later, 10.5.2 or later)

Powerful functions provide more ways to enjoy music!

CTK-5000

●Size (W x D x H): 950 x 376 x 130 mm

FUNCTION MARKS

Key Lighting System
Keyboard keys light when they must be pressed, guiding beginners and those who cannot read music to musical proficiency.

AIF* Sound Source * Acoustic & Intelligent Filtering System
Precision, large-volume sampling of waveform data combines with the latest in waveform processing technology to produce natural, amazingly realistic grand piano and other acoustic musical instrument sounds.

AHL* Sound Source * Acoustic & Highly-compressed Large-waveform
The latest in digital technology makes in possible to reproduce amazingly real grand piano and acoustic musical instrument sounds.

ZPI* Sound Source * Zygoteck Polynomial Interpolation
Optimized data compression and a polynomial interpolation based waveform playback process combine to produce amazingly clear and realistic sounds.

HL* Sound Source * Highly-compressed Large-waveform
Advanced compression techniques make it possible to record high volumes of waveform data and recreate the timbres of various instruments, including the grand piano.

Linear Morphing System
Smoother and more natural transitions between notes provides grand piano level rich differences between notes played with extremely light key pressure and notes played with strong pressure.

Tri-element System
Three separate samples of a grand piano are employed for strong, light, and medium keyboard pressure. The result is an amazing range of expression for a digital piano.

Dual-element System
Stereo sampled piano timbres include separate samples for strong keyboard pressure and light keyboard pressure.

Tri-sensor Scaled Hammer Action Keyboard
True and smooth grand piano level key action is reproduced using the actual weight of the hammer, without relying at all on springs. Keys respond instantly to the lightest pressure, which allows high-speed play of successive notes.

Scaled Hammer Action Keyboard
The keyboard plays heavier for low notes and lighter for high notes, for key touch that is virtually identical to that of a grand piano.

Acoustic Resonance System
Reproduces the resonant effect of a grand piano damper pedal.

Sampling Function
You can sample a sound, assign it to the keyboard, and play it as
